

MINUTES OF THE
SAN FRANCISCO BAY AND DELTA AREA COMMITTEE
03 FEBRUARY 1997

Welcome and Admin remarks - LCDR Kristy Plourde, USCG

Kristy Plourde opened the meeting and noted she will be the new co-chair of the committee, replacing CDR Rob Lorigan. She discussed the format and general goals of the AC for this revision cycle. She also said she was looking to get speakers on topics of interest and wants to review an annex per meeting so that all committee members are familiar with the ACP. A listing of speaker topics mentioned/discussed is on the next page.

Standing Subcommittee Briefings

1. Drills & Exercises/Lessons Learned

- Terry Joslin, Blue Water Consulting

Terry Joslin discussed the Joint CG/OSPR state wide drills and exercises calendar that was demo 'ed at the last drills and exercises/lessons learned meeting. OSPR maintains the calendar, updates it weekly and has it accessible on the world wide web at their site (<http://www.dfg.ca.gov/Ospr/index.html>). The calendar will be used and sent out with meeting notices. He also handed out a compilation of lessons learned from the last year from various exercises and the CAPE MOHICAN incident. These lessons learned will be discussed further at the next drills & exercises/lessons learned meeting on 06 Mar 97 at 0930 at Clean Bay in Concord.

2. SISRS/Strategy Testing - Carl Jochums, OSPR

Carl Jochums discussed Sensitive site surveys of the Delta areas. They have made good progress in identification of sensitive sites and will add to the Delta this year.

3. Geographic Response Plans - Jim Hardwick, DFG OSPR

Jim Hardwick discussed the breakdown of the bay and delta's geographic areas and asked for a meeting on 5 Feb to discuss further actions to be taken.

New Sub-Committees to be Added for 199 7

4. Local Resources - Chair: Steve Ricks, Clean Bay

Mr Tom Cooke recommended a subcommittee take a look at the local resources listed in the ACP and revise it in 199 7. The subcommittee will also look at revising the format of annex F. Mr. Steve Ricks, Clean Bay, volunteered to chair the group.

5. Volunteers - Chair: Joan Lundstrom, sCDC

Ms. Joan Lundstrom asked that a subcommittee be formed to look at volunteers Issues and how they can be implemented in the SF bay and delta area. She also volunteered to chair the subcommittee.

6. Decontamination/Disposal Issues - Chair is Needed

Decontamination and Disposal were areas that need improvement in the ACP. Some discussion centered around that some counties do not want decontamination or disposal sites listed in the ACP from their counties. A generic decontamination plan and disposal plan are both needed. A volunteer chair was asked for and no one volunteered. Kristy Plourde mentioned that a committee can not function without a chair.

Revision Cycle for 1997 ACP - LT Kent Bauer, USCG

Kent Bauer discussed what went on at the D11 planners meeting in January. Implementation to the ICS format ACP will be delayed until 1998 to allow all California plans to convert together. The major focus for the 1997 revision will be the GRP's.

Other AC Activities - LT Kent Bauer

Kent Bauer discussed what the North Coast and Central Coast Area Committees have been doing. The central coast is focusing on tanker routing studies and also Geographic Response planning. The north coast will be having a VOSS deployment exercise in late March 1997 and will be hosting its triennial PREPEX in late summer/early fall 1997 (if a corporate sponsor can be found).

New Business: Environmental Sensitivity Charts

- LT Scott Stolz, NOAA, SSC

Scott Stolz briefed the Area Committee on NOAA's update to the ESI charts for the SF Bay and Delta region. He asked for input as they will be revised this year.

Closing Remarks - LCDR Plourde

Signup sheets were placed out for members to sign up for subcommittees. Kristy Plourde will send out the list of subcommittee chairs the listing of those who signed up for their subcommittees. A review of the changes in the 1997 ACP will be discussed at the next AC meeting and we will try to arrange for speakers to come in on topics of interest.

The next SFB AC meeting was set for March 17, 1997 at 0930 on Coast Guard Island.
